This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

- ☒ The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- ☒ Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

The North Carolina Consolidated Plan Five-Year Plan 2001-2005 defined housing needs which would take most priority. Northwestern Regional Housing Authority actions proposed for its fiscal year beginning 7/1/2004 address each of the state's priorities ranked "High" as follows:

- producing new affordable rentals for households <50% AMI
- counseling existing homeowners <50% AMI
- assisting homeless families and individuals <50% AMI
- assisting non-homeless persons with special needs <50% AMI

☐ Other: (list below)

- production of new affordable rental housing
- provision of homeownership assistance

3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

NRHA operates in a seven county rural area which is covered by the State of North Carolina's Consolidated Plan. The Analysis of Impediments to Fair Housing in the 2001-2005 N.C. Consolidated Plan identifies 13 impediments to fair housing. NRHA's programs directly address seven of these impediments, as follows:

- i. Impediment: African Americans have a higher percentage of sub prime loans and manufactured home loans than the Nation as a whole. NRHA Action: Increasing the supply of high-quality affordable houses for first time home buyers, arranging high-quality

- financing opportunities for buyers and actively marketing them to minority communities.
- ii. Impediment: Home ownership rates for black households are consistently 20% lower than the home ownership rates for white households throughout the state. NRHA Action: Increasing the supply of high-quality affordable houses for first time home buyers, arranging high-quality financing opportunities for buyers and actively marketing them to minority communities.
 - iii. Impediment: Women experience a high level of discrimination in the lending market, especially single women. NRHA Action: NRHA does not discriminate against women headed households, single women, or two-women headed households in its programs to increase home ownership among low-income households. NRHA provides child care at marketing meetings and provides housing counseling outside regular working hours to facilitate attendance at these meetings by single mothers.
 - iv. Impediment: Familial status discrimination (against families with children) is overt in the North Carolina rental market. NRHA Action: NRHA does not discriminate against children, except in its elderly housing complexes. Five of seven complexes are designed for families with children and 3 and 4 bedroom units are included in all developments to allow for the housing of large families.
 - v. Impediment: 92.5% of rental units tested were out of compliance with ADA law, posing a major impediment to housing persons with mobility impairments. NRHA Action: At least five percent of all NRHA developed units are fully handicapped accessible. In NRHA's newest planned developments all 24 units are fully accessible and are targeted to persons with disabilities. A project still in the funding stage (40 units for elderly and disabled persons) would have 25% of the units fully accessible to persons with mobility impairments.
 - vi. Impediment: 25% of all complaints received by the Fair Housing Center involve requests for reasonable accommodations for a disability. NRHA Action: In addition to the large number of units available for mobility impaired persons, mentioned in Paragraph v) above, NRHA works with the local mental health providers to assist persons with mental handicaps to access NRHA housing and readily accedes to requests for reasonable accommodation.
 - vii. Impediment: Persons with cognitive disabilities face difficulty in finding affordable housing choices and often end up bouncing between homelessness and incarceration, further limiting their housing choices. NRHA Action: NRHA provides priority housing to persons who are homeless and works with the local mental health agency to provide reasonable accommodation to persons who may have been incarcerated due to untreated mental illness.
